

What do you think about when you think about God?

In a world of uncertainty, pain, suffering and disappointment, where can we turn for comfort and security and hope of eternal life?

Come share some thoughts about God with us ...

For three nights in April we will be engaging in worship and study as Andy Diestelkamp guides us through Gods Word. We invite you to participate. This weekend just might be transformational in your life and make all the difference not just in **the world**, but in **eternity** as well.
